All information was accurate and up to date at the time of going to print. Opel reserves the right to alter engine specifications at any time, which may influence the content of the shown data. All figures quoted relate to the EU base model with standard equipment. **For the latest information about available engines and their technical data please check our website opel.com or contact your dealer.**

The values do not take into account in particular use and driving conditions, equipment or options and may vary depending on the format of tyres. For more information on official fuel consumption and CO₂ emission values, please read the guideline 'Guideline for fuel consumption, CO₂ emissions of new passenger cars' freely available in all points of sale or at the designated state authority or body.

¹ eCall availability as option in selected car lines expected as of May 2019, Opel Connect with further services available as option in selected car lines expected as of about October 2019. The services might require a subscription/fee and are subject to mobile network coverage and availability. Only available in certain countries. ² Fuel consumption data and CO₂ emission data are determined using the Worldwide harmonized Light vehicles Test Procedure (WLTP), and the relevant values are translated back to allow the comparability into NEDC, according to regulations R (EC) No. 715/2007, R (EU) No. 2017/1153 and R (EU) No. 2017/1151.

³ Vehicles with BlueInjection technology will need regular AdBlue® top-ups also in between recommended service intervals. An indicator integrated into the on-board computer will warn you when you need to top up. More information under www.opel.com ⁴ Not available for Combo Cargo XL.
